

Evaluations 2019-2020

14 Sessions total (3 Novice, 5 Atom due to higher player count, 3 PeeWee, 3 Midget).

Thorsby/Calmar to supply extra pylons and pucks as spares.

Lunch for evaluators from 11:45am to 12:30pm on Saturday and Sunday.

Once the Skills session is completed, Bar Down will split the players into even teams for the first scrimmage session, having the top lines play against each other, same with the mid and lower lines. Player swaps between lines will happen during the scrimmage session.

After the first Scrimmage session is complete, Bar Down will modify the lines one more time, and these will be used for the second scrimmage session. Again, player swaps between lines will happen during the scrimmage session.

Once the second Scrimmage session is complete, Bar Down will take their sheets to their office and tally up the results. All players will be ranked, leaving team size up to the Thorsby and Calmar board members.

Any player at the Atom level that would like to be a hybrid player (part time player and part time goalie) will be evaluated as a player on Friday, and one of the scrimmage sessions. They will play the other scrimmage session as a goalie.
